

Q&A for the importance of pets in our lives

1. What do you think are the disadvantages of owning a pet?

Answer: ~~Having~~ Owning a pet ~~will bring some disadvantages~~ does have some disadvantages. Firstly, owning a pet ~~will be costly~~ can cost a lot of money. The owner must pay for food, medicine, etc. Some owners pay more for their pets ~~than~~ themselves. Secondly, pets take ~~away freedom~~ freedom away from owners' lives. For example, ~~w~~When going on a business trip, the owners must find someone to take care of their pet. This may be a burden for busy people with pets.

2. What do you think about abandoned pets?

Answer: With the popularity of pets, pets are being abandoned at an alarming rate. Most ~~of the~~ owners abandon their pets because they lack the skills necessary to care for ~~of lack of knowledge about~~ animals. I think that there ~~must~~ should be a license for owning a pet. With proper knowledge, owners will be less likely to give up taking care of pets.

3. Do you think the pet industry will continue to grow?

Answer: Yes, I think that the pet industry will continue to grow. Nowadays, the younger generations prefer to stay single and pets can provide comfort for them. Moreover, the elder generation can benefit from pets as well. I think that pets will allow ~~elders~~ the elderly to be more active and healthy.
